An expose of a life dramatically changed by the power of God. From Dope to Hope raises the conscious level of its readers while taking them on a journey. The prophet Ezekiel raised an intriguing question: "Can these bones live?" (Ezekiel 37:3). The Rev. Kevin Hodge is a radiant testimony to the fact that dead bones can live when the power of the Almighty God is at work. His book, From Dope to Hope penetrates the hearts of people from all walks of life. The Rev. Kevin Hodge is to be highly commended for his willingness to

His testimony illustrates to the world abroad regarding the power and depth of the gospel of Jesus Christ. The acronym HOPE is "Hearing Other People's Experiences." From Dope to Hope is a profound and provocative testament that illustrates to the hopeless that the hand of our mighty God is not too short to save (Isaiah 59:1). From Dope to Hope is a must-read, especially for those in dire need of encouragement …

This important book, written by educational expert and

urban school leader, Tom Payzant, offers a realistic understanding of what urban school leadership looks like from the inside. Payzant shares his first-hand knowledge of the unique managerial, instructional, and political tasks of this role. Effectively combining practical lessons and research, Urban School Leadership includes in-depth analysis of various leadership concerns. The book covers topics such as improving student achievement, working with unions, building community, and maintaining and developing resources. Most importantly, it offers stories of real school leaders whose successes and missteps reveal the inherent "messiness" of this difficult job. Urban School Leadership is part of the Jossey-Bass
