Standardized test-taking skills for reading, math and language for grade 8.

Provide parents with Strong Character coaching guidelines to help their child improve their life skills

A leading economic historian traces the evolution of American capitalism from the colonial era to the present—and argues that we ’ ve reached a turning point that will define the era ahead. “ A monumental achievement, sure to become a classic. ” —Zachary D. Carter, author of *The Price of Peace* In this ambitious single-volume history of the United States, economic historian Jonathan Levy reveals how capitalism in America has evolved through four distinct ages and how the country ’ s economic evolution is inseparable from the nature of American life itself. The Age of Commerce spans the colonial era through the outbreak of the Civil War, and the Age of Capital traces the lasting impact of the industrial revolution. The volatility of the Age of Capital ultimately led to the Great Depression, which sparked the Age of Control, during which the government took on a more active role in the economy, and finally, in the Age of Chaos, deregulation and the growth of the finance industry created a booming economy for some but also striking inequalities and a lack of oversight that led directly to the crash of 2008. In *Ages of American Capitalism*, Levy proves that capitalism in the United States has never been just one thing. Instead, it has
