To save time, turn on the BackTrack at least one or two minutes before you will be marking your first location (for example, when entering the parking lot instead of waiting until you get out of the car and then mark where you left it). Page 5 BackTrack will already be showing you the direction and distance back to your car! If you want to return to a location other than the last one you marked, just icon you used when you marked it earlier.

benefits. This BackTrack 5 guide highlights the most important exploitation and privilege escalation tools. In the BackTrack 5 guides to come, I will cover some more

BackTrack 5 Guide II: Exploitation tools and frameworks

To use the Backtrack feature, you must enable backtracking and specify a target backtrack window. Otherwise, backtracking is disabled. For the target backtrack window, specify the amount of time that you want to be able to rewind your database using Backtrack. Aurora tries to retain enough change records to support that window of time.
