Episode 30: Breaking Through Bias: Communication ...

More than fifty years after the beginning of the Women's Movement, women are still not "making it" in traditionally male careers. Women start their careers on parity with men but generally end them far earlier, having achieved less status, lower compensation, and less satisfaction than men. Breaking Through Bias explains that it is the stereotypes about women, men, work, leadership, and family that hold women back, and it presents an integrated set of communication
