## **Cakephp Manual - HPD Collaborative**

The Manual¶ Welcome to the Cookbook, the CakePHP documentation. The Cookbook is a wiki-like system allowing contributions from the public. With an open system, we hope to maintain a high level of quality, validity, and accuracy for the CakePHP documentation. The Cookbook also makes it easy for anybody to contribute.

## **The Manual - 1.3 - CakePHP**

CakePHP's new Configure class can be used to store and retrieve application or runtime specific values. Be careful, this class allows you to store anything in it, then use it in any other part of your code: a sure temptation to break the MVC pattern CakePHP was designed for.
