Like virtually no other photographer, Stefan Soell is a master at capturing extremely explicit erotic images in an astonishingly imaginative and aesthetic way. Often accompanied by a touch of humor and a wink of the eye, his models switch between innocence and excitement, physical attraction and cool distance. This is precisely what pleases men, and fills the pages of his latest book, with a powerful sexual charge. Where on earth does Soell get these girls? In addition to some of his favorite models, the new volume contains some mainly new and sensationally pretty creatures (25 in all). In the classical mythology of the ancient Greeks, Elysium was a paradise, located between this world and the one to come. While browsing through the book, you do not need to be a Greek hero to get a kick out of these daughters of Elysium.

A new edition in a special big format, using even better high density printing quality. This collection contains of some of the finest modern nude photography. Stefan Söll's works are characterized by their striking quality, and ability to offer a glimpse into the personalities of his models. He captures their beauty in awe-inspiring natural locations, where he combines art with the glory of nature. The locaton selected for this unique collection is Lanzarote, a small but beautiful island off the coast of north-east Africa.

You do not have to be a Ulysses, tied to the mast of your ship in order to fall victim to the beauty of these Sirens. German photographer Stefan Soell takes us on a photographic excursion to Portugals southern Atlantic coast, together with eight models of exceptionally striking and distinctive looks. These Sirens are portrayed frolicking in the foaming surf, and playing in the winds and sands of this wild coastline, and this enhances their natural eroticism. Stefan Soell is a master at capturing their joyful but provocative and enticing play. The photographs for this book were taken over a period of five years, during long stays in the far South Western area of Portugal. The lonely, undeveloped Costa Vicentina in the west, the Cabo de São Vicente in the east, and the rugged cliffs of the Algarve are one of the last sections of natural coastline in Europe. Stefan Soell chose the late autumn of October and November as the season best suited to these photo sessions. In these months, the sun is already very low and gives off a warm, soft light. The models spent a long time in the area, which enabled Stefan Soell to take pictures in the best possible weather and lighting conditions. For the optimal interaction of sun, cloud and tide, the ideal window of opportunity was often only very short. Due to the strong fluctuations in the tides, some locations could only be reached on a few days in a month. Stefan Soell used a Canon EOS 1DX MKII, with 24-70 mm and 70-200 mm lenses, and a Sony Alpha 6300 with a Zeiss 16-70 mm lens. Usually, the locations could only be reached on foot, which can take a long time, so having light, portable equipment was important, as it enabled longer coastal expeditions to succeed, and allowed maximum flexibility when taking pictures. All photos were taken exclusively with natural light, without additional brighteners or reflectors. German photographer Stefan Soell began to take photos at the age of 15, and soon landscape and portrait photography had become his favourite subjects. In addition to his astonishing talent at choosing the ideal background and selecting key details, he also has the rare knack of capturing ideal lighting conditions.

Text in English & German. "No more romance", said the renowned erotic photographer Stefan Soell, after enjoying great success with his two lavish photographic volumes entitled "Alpenglow" and "Volcanic Girls". A completely new, modern style of portraying the nude was required, and Stefan has once more succeeded convincingly. He searched for the right type of woman to match his vision for three long years, finally settling on something between the young, successful, cool businesswoman and glamorous movie star. Oozing beauty, of course, fantastically built, with a confident, cheeky appearance, and unashamedly flaunting their sex appeal. Soell has discovered over 16 completely new, never-seen-before faces, and managed to fit all their glorious nudity into the unprecedented environment of finest, ultra-modern, minimalist architecture. The contrast between the wonderful, warm skin tones, sensual body shapes and the cool, modern architecture could not be greater, and the very unusual combination of hot eroticism and cool design increases the attraction of this volume of photographs immensely.

Stefan Soell has already thrilled a steadily growing international fan base with his photo books Alpenglühn, Bavarian Landlust, Carisha, Volcanic Girls, and Waldlust. The fresco painters of antiquity and the Renaissance were masters in the representation of dimension and perspective, and provided the inspiration for Stefan Soell's Celestial Girls. Photography is additionally able to enhance the skill and artistry of the frescos, and the effect is amazing. Powerful light from the side shapes and forms the models' figures, enabling the finest details and structures to be revealed. When selecting models, Stefan Soell is particularly choosy. We are amazed at how he always manages to find girls with extraordinary character and natural charisma. In addition to Susann, Zoi, and Carisha, his well-known muses, about 30 other ladies grace this volume, many of them new. They are all of them Celestial Girls, so why not let yourself be very pleasantly charmed by their supernatural beauty?

"Riveting . . . A genuinely important book that casts the problem of sex trafficking in America into stunning, heartbreaking relief." (Kirkus Reviews) A School Library Journal Best Adult Book for Teens A Joan F. Kaywell Award Finalist from the Florida Council of Teachers of English Carissa Phelps was a runner. By the time she was twelve, she had run away from home, dropped out of school, and fled blindly into the arms of a brutal pimp. Even when she escaped him, she could not outrun the crushing inner pain of abuse, neglect, and abandonment. With little to hope for, she expected to end up in prison, or worse. But then her life was transformed through the unexpected kindness of a teacher and a counselor. Through small miracles, Carissa accomplished the unimaginable, graduating from UCLA with both a law degree and an MBA. She left the streets behind, yet found herself back, this time working to help homeless and at-risk youth discover their own paths to a better life. Like the multimillion-copy bestseller The Glass Castle, this memoir moves us through the power of its unflinching candor and generosity.
