Trigonometric Functions, Exercise 6.2 is an important topic that is a must to study as this topic has further applications in real life.

Graphs of Trigonometric Functions Chapter 6, Exercise 6.2 ...

In order to graph these trigonometric functions, first look at the shapes of each of the functions, which can be found on page 474.

Then, like was the case with sine and cosine in section 6.4, look for shifts and stretching of the function based on the equation.
