Created for Work offers devotional readings from the work experiences of a finishing carpenter. He recounts stories from his career that illustrate the points he makes, all of which are based in sound Biblical teachings. While I had selected the book with my boys in mind, I found myself encouraged and my attitude challenged in many of the readings.

Creating work items from Application Insights is very easy. There are currently two locations from where you can create work items: Proactive detection and individual instances of activity (i.e., exceptions, failures, requests, etc.). I will show you a simple example of the latter, but the functionality is identical in either case.
