The rest of the planes from the D&D cosmology do not exist in Dark Sun. In the 4th edition, the cosmology was brought in line with the World Axis cosmology described in the core rules. During 2nd edition, and continuing into Dungeons & Dragons 3rd edition, the Gray seemingly surrounded Athas, sealing it away from the rest of the Great Wheel.

Sunlight UV damage to skin persists even after dark. "Moving immediately into the shade does not stop sun damage, as UV rays can continue damaging skin cells hours after exposure," *The Guardian* reports. Ultraviolet (UV) light is known to cause damage to DNA in skin cells, which increases the risk of the most serious type of skin cancer: melanoma. This study aimed to examine the biological mechanisms that may be involved in this process.
