Group process refers to how an organization's members work together to get things done. Typically, organizations spend a great deal of time and energy setting and striving to reach goals but give little consideration to what is happening between and to the group's greatest resource - its members. While working hard to achieve results, it is critical that members' needs be addressed.

form their groups, help negotiate the group process, and decide how to evaluate the final product. Johnson, Johnson and Smith (1991) suggest that group tasks should be integral to the course objectives. This means that the group work should complement the learning objectives outlined in the syllabus.

~~Group work process - SlideShare~~

All of the basic principles of assessment that apply to individual students' work apply to group work as well. Assessing group work has additional aspects to consider, however. First, depending on the objectives of the assignment, both process- and product-related skills must be assessed. Second, group performance must be translated into individual grades, which raises issues of fairness and equity.

Group work gives students the opportunity to engage in process skills critical for processing information, and evaluating and solving problems, as well as management skills through the use of roles within groups, and assessment skills involved in assessing options to make decisions about their group's final answer.

~~Benefits of Group Work | The Center for Teaching and Learning~~

Dealing with conflicts in group work is the theme of Section 5. An essential tool in group work is dialogue as a fundamental communication process. The facilitation of group work enhancing dialogue processes is the topic of Section 6. The facilitation of focus group work is discussed in Section 7. This kind of group work

~~CHAPTER 4 GROUP WORK~~

A very informative book on how the process of group counseling works, what to expect and guidelines on how to lead groups. I would like to see at least a chapter on some of the newly emerging counseling theoretical orientations and how they are applied to group work but other than that this is a great resource and very informative.

All of the principles of assessment that apply to individual work apply to group work as well. Assessing group work has added challenges, however. First, depending on the objectives of the assignment, the instructor might want to assess the team's final product (e.g., design, report, presentation), their group processes (e.g., ability to meet deadlines, contribute fairly, communicate effectively), or both.

~~How can I assess group work? - Eberly Center - Carnegie~~...

Group dynamics are at the core of understanding racism, sexism, and other forms of social prejudice and discrimination. These applications of the field are studied in psychology, sociology, anthropology, political science, epidemiology, education, social work, business and managerial studies, as well as communication studies

~~Group dynamics - Wikipedia~~

Social group work was introduced to the social work profession when it made its debut at the National Conference for Social Work in 1935. At this conference, Newsletter (1935) introduced the concept of social group work to the social work profession and identified group work as a field, process and set of techniques.

~~Social work with groups - Wikipedia~~

Group work motivates students by giving them more responsibility for their own learning. In the video above, Professor Bianchi's Research Methods students are exploring fundamental questions about research design by working in groups to identify and analyze information about acting awards.
