The Rubank Method popped up and I was immediately flooded with memories from my childhood in the 60s when my music teacher used this method to teach me the clarinet. I recalled it as an effective (and fun) method with some pretty interesting drills. I immediately ordered all the flute books in the series from beginner to advanced vol. 2.

The Rubank series of method books has to be some of the most "classic" method books available. While labeled an "elementary" book, the book starts from the very basics and moves quickly to more advanced songs and techniques. I will caution that for younger students, the book is not very aesthetically appealing.
