Cheng & Tsui's best-loved Chinese textbook series is new, revised, and better than ever!

This book examines the role textbooks play in the teaching of dominant and non-dominant (first and foreign) languages in a range of cultural contexts worldwide. Each chapter addresses important issues related to what constitutes "legitimate knowledge", the politics of learning materials, global cultural awareness, competing ideologies, and the development of multilingual literacies. Language, Ideology and Education: The Politics of Textbooks in Language Education comprehensively surveys theoretical perspectives and methodological issues in the critical examination of language textbooks. In particular, it looks at: The Cultural Politics of Language Textbooks in the Era of Globalization The Politics of Instructional Materials for English for Young Learners Ideological Tensions and Contradictions in Lower Primary English Teaching Materials in Singapore Creating a Multilingual/multicultural Space in Japanese EFL: A Critical Analysis of Discursive Practices within a New Language Education Policy The book is primarily addressed to those who teach and research in the areas of Foreign Language Education, TESOL, Applied Linguistics, Language Policy, Critical Pedagogy, and Textual Cultures. Although the book is focused on textbook and materials analysis, rather than evaluation, most chapters discuss implications for curriculum design and materials development and therefore will be relevant to scholars working in those fields.

The Chinese city of Yangzhou has been of great cultural significance for many centuries, despite its destruction by invaders in the 17th and 19th centuries. It was a site of virtual pilgrimage for aspiring members of the Chinese educated class during the Ming and Qing periods. Moreover, because it was one of the foremost commercial centres during the late imperial period, it was the place where the merchant and scholarly classes merged to set new standards of taste and to create a cultural milieu quite unlike that of other cities, even other major centres in the region. The luxurious elegance of its gardens and the eminence of its artistic traditions meant that Yangzhou set aesthetic standards for the entire realm for much of the late imperial age. Over the years, particular regional forms of art and entertainment arose here, too, some surviving into the present time.

Chinese Made Easy adopts a new approach to teaching Chinese as a second or foreign language. It is designed for young students taking GCSE/IGCSE/A-Level Mandarin Chinese Exams (UK), SAT II / AP-Chinese Examinations (USA), IB Chinese Exam, Australian Chinese exams, HSK (Mainland China), or for those students who are starting to learn Chinese on their own. Chinese Made Easy has two levels: level 1-Book 1, 2 and 3; and level 2-Book 4 and 5. After completing this series, learners will acquire a vocabulary of approximately 1,700 Chinese characters and several thousand phrases. This course features task-based learning coupled with a focus on form and function. Textbooks are in full color and it includes both simplified and traditional Chinese characters in its vocabulary lists.

Learn how to write 250 of the commonest Chinese characters, with stroke by stroke guidance on every page. With thousands of characters to learn, beginning to read and write Chinese is a daunting task. Aimed at learners, this book takes you through 250 of the commonest characters in a clear and accessible way. The meaning of every character is explained along with information about its radical, the compound words it can form, its history, and more. There is a practice grid on every page, showing how the character is written, with space for you to practise writing the character for yourself. It is generally agreed that learners of Chinese need a working knowledge of about 100 characters in order to make themselves at all understood and to travel in China, so Easy Learning Chinese Characters is a great place to start.
