Services are kind of like startup programs, they are usually not necessary, they slow down your computer, and they slow down the boot up process; however, some are useful so thats why I have made a list of ones to get rid of.  
0 To turn off services in windows you go to Start > Run > Type: 'services.msc' > Double Click on the service you want to alter and change the startup type to disabled or manual as directed in the list of unnecessary services below.
