Description. Integrated Physics and Chemistry (IPC) is written by internationally respected scientist/author, John Hudson Tiner, who applies the vignette approach, which effectively draws readers into the text and holds attention. The author and editors have deliberately avoided complex mathematical equations in order to entice students into high school level science.

Even though this is Integrated Physics and Chemistry (IPC) you will still have to take the 8th-grade science STAAR test at the end of the year. This means you will have to push yourself extra hard but we all know you can do it. I will give an in-depth review for you before the STAAR test but it is ultimately up to you.
