"Josephinism was the collective domestic policies of Joseph II, Holy Roman Emperor (1765?1790). During the ten years in which Joseph was the sole ruler of the Habsburg Monarchy (1780?1790), he attempted to legislate a series of drastic reforms to remodel Austria in the form of the ideal Enlightened state. This provoked severe resistance from powerful forces within and outside of his empire, but ensured that he would be remembered as an "enlightened ruler."--Wikipedia.

In eighteenth-century Greek culture, Iosipos Moisiodax (c.1725–1800) was a controversial figure, whose daring pronouncements in favor of cultural change embroiled him in ideological conflicts and made him a target of persecution. The first intellectual in Southeastern Europe to voice the ideas of the Enlightenment in public and without qualification, he advocated the use of vernacular Greek in education and aspired to see the backward and intellectually conservative Balkan societies remodeled along European lines. In the first modern book-length treatment of this passionate reformer, Paschalis Kitromilides skillfully retraces Moisiodax's career and contrasts the Greek Enlightenment with the Western Enlightenment as a whole, enriching our understanding of each tradition in the process. Moisiodax's efforts failed tragically in his own lifetime, but his vision of the Enlightenment was an impressive project of intellectual reconstruction that had a considerable effect after his death, both in the promotion of modern scientific ideas and in the enunciation of republican politics in Southeastern Europe. The methodology of literary history has traditionally dominated inquiries about his life and about the Greek Enlightenment in general, but here both man and movement are examined from an interdisciplinary perspective. Drawing on a broad range of sources and combining insights from the social sciences, cultural history, and political theory, this work reveals Moisiodax as a figure of major significance in the ideological tradition of Southeastern Europe. Originally published in 1992. The Princeton Legacy Library uses the latest print-on-demand technology to again make available previously out-of-print books from the distinguished backlist of Princeton University Press. These editions preserve the original texts of these important books while presenting them in durable paperback and hardcover editions. The goal of the Princeton Legacy Library is to vastly increase access to the rich scholarly heritage found in the thousands of books published by Princeton University Press since its founding in 1905.

What was the Enlightenment? Though many scholars have attempted to solve this riddle, none has made as much use of contemporary answers as Dan Edelstein does here. In seeking to recover where, when, and how the concept of “the Enlightenment” first emerged, Edelstein departs from genealogies that trace it back to political and philosophical developments in England and the Dutch Republic. According to Edelstein, by the 1720s scholars and authors in France were already employing a constellation of terms—such as *l'esprit philosophique*—to describe what we would today call the Enlightenment. But Edelstein argues that it was within the French Academies, and in the context of the Quarrel of the Ancients and the Moderns, that the key definition, concepts, and historical narratives of the Enlightenment were crafted. A necessary corrective to many of our contemporary ideas about the Enlightenment, Edelstein's book turns conventional thinking about the period on its head. Concise, clear, and contrarian, *The Enlightenment* will be welcomed by all teachers and students of the period.

Sociologist Robert Wuthnow notes remarkable similarities in the social conditions surrounding three of the greatest challenges to the status quo in the development of modern society--the Protestant Reformation, the Enlightenment, and the rise of Marxist socialism.

For 1st and 2nd year undergraduate courses in Modern European History in departments of history. Also, higher level courses on enlightenment. This book provides a wide-ranging account and discussion of the history of Europe from 1713-1789. As well as political events, problems and institutions, it looks at the economic life of the continent, social structures and problems and intellectual and religious life. It also covers all aspects of Europe's relations with the rest of the world during a key period in European history.

A concise survey that introduces readers to the people, ideas, and conflicts in European history from the Thirty Years' War to the Napoleonic Era. The authors draw on gender studies, environmental history, anthropology and cultural history to frame the essential argument of the work.

A five-hundred-year history of the Jesuits documents the Society's foundation by Ignatius of Loyola in 1534, its unexpected growth, its academic excellence, its powerful enemies, the expulsion of its members from Europe, and its significant influence on both the religious and secular worlds. Reprint. 12,500 first printing.

The Czech and Slovak Experience assembles essays by leading specialists from the USA, Canada, Britain and Czechoslovakia on key aspects of modern Czech and Slovak history: Joseph II's contribution to the development of the Czech national movement, the troubled relationship between Czechs and Slovaks as seen through Czech and Slovak eyes, Slovak linguistic separatism, the emergence of political democracy in post-Versailles Czechoslovakia, Masaryk as a religious heretic, Czechoslovakia's Germans and their treatment by the Czechoslovak government, and Prague's Jewish community after 1918.

A perceptive & provocative analysis of the transformation that swept through American Catholicism in the decades leading up to Vatican II. The Jesuits have been the carriers of a culture borne along by a fruitful & often frustrating tension between their dual commitment to ancient virtues & to the pursuit of the free play of ideas. This book explains developments among the Jesuits and sets them in the larger context of the sea-changes that shook the world and the Catholic Church in the world during the mid-20th century.
