In response to a congressional request in 1992 concerning the impact of U.S. military aircraft cooperative programs with Japan, the author examined the Japanese aerospace industry's production, employment, market share, and trade over the decade prior to 1992. The author also: (1) obtained information on Japanese aerospace companies; participation in the U.S. civil jet aircraft industry, specifically in Boeing and Douglas Aircraft Company programs; (2) identified Japanese companies participating in the F-15 co-production program; and (3) determined which of those were involved in the development and production of Boeing and Douglas civil aircraft. Tables and graphs.
