Cassie is an over-achiever with a thing for bowlers whose life takes an unexpected turn when she reads an ominous statistic. Chronically absent and infamously eccentric, her recently deceased, professional bowler father has left her with not only a freeloading mother on her couch, but now an undying notion that in order to remain "above average, " she has under a month to marry the man of her ...

Plumbing systems are logical entities that facilitate calculations for flow and sizing of equipment. They are independent of the piping that is placed in a project to show the routing and connections between plumbing fixtures. Once you have fixtures placed in a project, you can create domestic hot water, domestic cold water, and sanitary systems to connect the components of the plumbing system
