When Billy Harper, trying to pick up the pieces of his shattered life, rents a cottage in New Canaan, Connecticut, from Chuck and Beth Whitcomb, he meets their four-year-old daughter, Carolyn. As she thaws his frozen heart, he begins to realize there is something strange about her, something that draws the attention of a rogue military organization called Operation Anesthesia.

When Billy Harper, trying to pick up the pieces of his shattered life, rents a cottage in New Canaan, Connecticut, from Chuck and Beth Whitcomb, he meets their four-year-old daughter, Carolyn. As she thaws his frozen heart, he begins to realize there is something strange about her, something that draws the attention of a rogue military organization called Operation Anesthesia.

The follow-up to the heartwarming thriller Painless. It picks up a few months following the original story, and chronicles Carolyn Whitcomb, Billy Harper and crew, as

they deal with the challenges of Carolyn's unique condition, and the trouble that always seems to find her. Which turns into quite eventful year, and a wild ride!

Van Rensselaer Potter created and defined the term "bioethics" in 1970, to describe a new philosophy that sought to integrate biology, ecology, medicine, and human values. Bioethics is often linked to environmental ethics and stands in sharp contrast to biomedical ethics. Because of this confusion (and appropriation of the term in medicine), Potter chose to use the term "Global Bioethics" in 1988. Potter's definition of bioethics from Global Bioethics is, "Biology combined with diverse humanistic knowledge forging a science that sets a system of medical and environmental priorities for acceptable survival."

Two New York Times Washington correspondents provide a detailed, "fact-based account of what precipitated some of this administration's more brazen assaults on immigration" (The Washington Post) filled with never-before-told stories of this key issue of Donald Trump's presidency. No issue matters more to Donald Trump and his administration than restricting immigration. Julie Hirschfeld Davis and Michael D. Shear have covered the Trump administration from its earliest days. In *Border Wars*, they take us inside the White House to document how Stephen Miller and other anti-immigration officials blocked asylum-seekers and refugees, separated families, threatened deportation, and sought to erode the longstanding bipartisan

consensus that immigration and immigrants make positive contributions to America. Their revelation of Trump ' s desire for a border moat filled with alligators made national news. As the authors reveal, Trump has used immigration to stoke fears (" the caravan "), attack Democrats and the courts, and distract from negative news and political difficulties. As he seeks reelection in 2020, Trump has elevated immigration in the imaginations of many Americans into a national crisis. *Border Wars* identifies the players behind Trump ' s anti-immigration policies, showing how they planned, stumbled and fought their way toward changes that have further polarized the nation. " [Davis and Shear ' s] exquisitely reported *Border Wars* reveals the shattering horror of the moment, [and] the mercurial unreliability and instability of the president " (The New York Times Book Review).

As the fearless international correspondent for GNZ News, JP Warner has always risked his life to beat the competition to the story, and received all the notoriety and riches that comes with it. But an event makes him realize that there's no end to the chase, and the further he runs, the more he loses himself. So he decides to leave the jaded industry, and returns to the idyllic Connecticut town he grew up in, hoping to rediscover the person he once was. But any chance to find peace shatters when he looks into the eyes of local policeman Kyle Jones. JP sees the same look he's seen in the many fanatics he's covered over the years. And soon finds himself on a collision course with Officer Jones, while also battling the forces within himself, as he races to cover the biggest story of his life.
