2nd Edition Princess Pippa of Lauramore is not your average princess. Unwilling to sit back and let princes and lords compete for her hand without her input, Pippa decides to do whatever she can to give strong, kind, and handsome Prince Galinor of Glendon the advantage he needs to win the marriage games. With the help of Archer, the kingdom's master archer and her childhood friend, everything seems to be going according to Pippa's schemes. But whenever dragons get involved, plots don't always go as planned... With Pippa's future at stake and her happiness on the line, Pippa and Archer must make sure they engage all their wils and strength to make sure that the right prince gets the princess-even if he turns out to be the wrong man in the end

Princess Pippa of Lauramore is about to turn eighteen, and in honor of the great occasion, her father King Ewan invites thirty princes and lords from kingdoms near and far to compete for Pippa's hand in marriage. Arrogant Prince Lionel of Vernow is expected to win the competition handily, but spunky princess Pippa refuses to marry such a pompous man without a fight. When she spies Galinor, the dark-haired, blue-eyed prince of Glendon, she sets out to make him hers-convincing him to join her on a midnight ride away from the festivities. When King Ewan catches Pippa, he orders her to spend twelve days of confinement in the castle, but she refuses to be contained while her fate is decided without her. Enlisting the help of her childhood friend Archer, master archer of the kingdom, they make a pact to do everything in their power to ensure Galinor's victory in the marriage games. But as the games progress and the stakes get higher and higher, Pippa and Archer are forced to not only confront marauding bandits, angry dragons, and King Ewan's wrath, but also the growing attraction between them...

Princess Seirsha's lived her life in the shadow of her father, keeping herself distant and aloof. But after her involvement in the death of the male heir to the Errinton throne, Seirsha's defenses begin to crumble. The search for another successor begins, and the one man with the power to strip away the princess's walls steps back into her life. She knows she should keep her distance from Lord Rigel-the only man in Errinton with a legitimate claim to her father's throne-but when the king orders her to keep the dark lord close so she may spy on him, the princess must make a choice. With another Dragon War looming and Errinton's oppressed rising against their leaders, will Seirsha betray her blood or turn her back on Rigel-the man she's loved her entire life?

Lauren's senior year is going exactly as planned. Her craft blog is getting more visitors every day, and she knows what she's going to do with her life after graduation: get her associate's degree, marry someone fabulous, and live happily ever after. Sure, she doesn't know what she's going to get that degree in...and there's no Prince Charming on the horizon yet. But, still, that's the plan. At least, it is until Harrison Neeley shows up at her kitchen table one evening and derails everything...

Gypsies are trouble. Handsome princes may be worse. All her life, Anwen's father has told her to avoid the gypsies that travel through the kingdoms of Eiden, but it isn't until Anwen is robbed and deserted by Dimitri, a handsome gypsy prince, that she is forced to accept the wisdom of her father's words. Now Anwen must find Dimitri's troupe and take back her family's greatest treasure-the changeling stone. The first place to search for Dimitri is in Lauramore, where the largest marriage tournament in over a decade is drawing in hundreds of traveling performers. While posing as a tambourine girl, Anwen meets Galinor, a melancholy prince who is having a rough month himself. After a little cajoling, Anwen convinces the prince to help her retrieve the changeling stone. Joined by a ragtag party of royals, they set out on a seemingly simple mission, but soon the pair faces complications in the form of stolen horses, mischievous fairies, and a dark creature that stalks them through the forest. Despite the odds against them, the hardest task in front of Anwen may be tending Galinor's broken pride-and trying not to fall head over heels for him. Because gypsies are certainly trouble, but handsome princes may be worse...

The author of The Riven Kingdoms teams up with her husband to write an enemies-to-lovers fantasy romance full of humor, adventure, and a good helping of epic action. With single-minded determination, Henrik has worked toward gaining his knighthood so he may rise above the lowly station in which he was born. But just when the coveted position is within his grasp, he's tasked with a mission that proves to be far more difficult than expected-secretly keeping a watchful eye on Lady Clover, a nobleman's daughter with a sharp tongue and a knack for starting fights. Clover, too, has one goal in life, and it has nothing to do with joining dull and dry Henrik on his supply run to the northern guard post. Why the blacksmith's son is so determined to keep her close, she has no idea. They bicker and fight, and if Clover were to find a troll pit, she would certainly dump Henrik into it. By the time they reach their destination, they are more than ready to be rid of each other. Unfortunately, something is amiss in the northern mountains. The usually quiet aynauts are on the move, with a bloodthirsty agenda of killing the peaceful Woodmoor elves. Putting their differences aside to work together, Henrik and Clover trek across the mountains to investigate. As they slowly unravel the mystery, uncovering clues that hint at a conspiracy against the crown, it quickly becomes apparent that what started as mutual distaste has morphed into something entirely different. Something dangerous, something they didn't expect. But neither Henrik nor Clover has room in their lives for love-especially when a sinister plot is already in the works that might not only tear them apart, but the entire kingdom as well...

What happens when a feisty adventuress, a lord looking to make his own way in the world, and a handsome sea captain set out to find Kalae's rarest and most valuable flower? Trouble-and lots of it. Lucia needs a job, and she needs one fast. Looting dragon caves hasn't proven profitable lately, and she's tired of waiting tables. Her business partner usually finds the work, but Sebastian isn't speaking with her, and Lucia's getting desperate. Luckily, Lucia finds a simple request posted on a community board. All the man wants is an orchid. Nothing to it. Except the flower only grows in a montane cloud forest in Grenalds... And Lucia must take a ship through sea serpent-infested waters to get there... And her new helpful friend-the one and only, dashing Captain Avery Greybrow-just might be a pirate. At this rate, Lucia's not sure if she'll ever reach the orchid. But she's determined to try. A new fantasy adventure romance from the author of The Eldentimber Series.

He's a king who gave up on love. She's a girl with no memory. An entire ocean is keeping them apart. Eight years have passed since the marriage tournament that decided the fate of Princess Pippa of Lauramore and strengthened alliances between the kingdoms of Elden. The competitors have moved on with their lives. Some have found adventure; some have found love. Prince Bran of Tribue, however, has put his life on hold, preparing for his father's crown. Two days before Bran's winter coronation, just when the prince cannot afford distractions, a girl washes onto the Tribue shore. She has no memory of her past life, no clue who she is or where she belongs-nothing but a ring on her finger and a peculiar marking on her cheek. And the newly crowned king has more than a mysterious girl to worry about. The sea has become unpredictable. Storms claim ships in the dead of night, and sailors return with horrifying stories of monsters from the deep. It soon becomes clear the girl and the bizarre events are connected. The girl came from the sea... and the sea wants her back. But Bran isn't willing to give her or his kingdom up without a fight, even if it means he must request help from every corner of Elden. An entire cast of Eldentimber characters returns in an epic series conclusion that readers have been asking for.

The captain of the Greybrow Serpent is the last man Lucia's willing to trust. But he's the only one who can save her. Lucia's dreamed of finding Avery for a solid two months. In every one of her fantasies, the dashing captain has been on the deadly end of her dagger. Unfortunately, their reunion is not all she hoped it would be. The captain is back, but he comes bearing news: the Duke of Mesilca holds a grudge, and he's set a bounty on their heads. Now Lucia's running from bounty hunters, partnering with a man with the morals of a snake, and forcing Sebastian to court Adeline in a desperate attempt to keep the innocent seamstress safe. Captain Greybrow is the only one with a solid plan, one that will take Lucia into the heart of forbidden, siren-inhabited waters. But after Avery's betrayal, can Lucia find a way to trust him again? It won't be easy, especially when it appears the captain has yet another hidden agenda.

After twenty-year-old Kinsley is dumped by her longtime boyfriend, she escapes to her grandparent's Colorado cabin to rethink her future and focus on her writing. But when she arrives, she finds a patchy roof, a death-trap deck, and rosebushes that threaten to swallow her whole. Just when Kinsley's ready to cut her losses and return home, she meets Jack-the local handyman with hazel eyes and a wicked smirk. Thinking Jack is precisely the meaningless summer distraction she needs, Kinsley resolves to rough it in the cabin despite its current lack of water, electricity, Internet, cell phone service, and heat. But soon Kinsley realizes that Jack isn't distraction material. He might just end up being something a little more essential...
