The last thing I want is to partner on a library exhibit with Max, a hot new art professor at my college, but it's part of my job as librarian so I don't have a choice. My attraction to him is intense and immediate, but I'm taking a break from dating so I can focus on myself. I don't need a distraction like Max. He's a single father, and that's the only thing he can focus on now. He's never going to take a relationship with me seriously, no matter how much I want him to. Single Dad is the third book in the Milford College series, novellas about the faculty and staff of a small liberal arts college.

Faking it never felt so real... Nothing 's more important than leading my team to victory every week. Except maybe escaping from the team owner 's recently-widowed and handsy-as-hell sister who 's dead set on winning more than a date with me at the charity auction. Enter Violet and a well-placed Hail Mary. She 's my best friend 's sister with a smile as sweet as cherry pie and a mind that runs quicker than the 40-yard-dash. After Violet saves the day with the highest bid, I don 't even give her a two-minute warning before I kiss her in front of the whole crowd and then announce that she 's my girlfriend. Then my agent tells me we have to keep up the act while he's negotiating my contract. What happens next when faking it starts to feel all too real?

Text in English & German. "No more romance", said the renowned erotic photographer Stefan Soell, after enjoying great success with his two lavish photographic volumes entitled "Alpenglow" and "Volcanic Girls". A completely new, modern style of portraying the nude was required, and Stefan has once more succeeded convincingly. He searched for the right type of woman to match his vision for three long years, finally settling on something between the young, successful, cool businesswoman and glamorous movie star. Oozing beauty, of course, fantastically built, with a confident, cheeky appearance, and unashamedly flaunting their sex appeal. Soell has discovered over 16 completely new, never-seen-before faces, and managed to fit all their glorious nudity into the unprecedented environment of finest, ultra-modern, minimalist architecture. The contrast between the wonderful, warm skin tones, sensual body shapes and the cool, modern architecture could not be greater, and the very unusual combination of hot eroticism and cool design
