Private Governance: Creating Order in Economic and Social Life

The term "private governance" describes the various forms of private enforcement, self-governance, self-regulation, and informal mechanisms that private individuals, companies, and clubs, as opposed to government, use to create order, facilitate exchange, and protect property rights. It works behind the scenes, where few people notice it, but private governance helps make the modern economy possible.

Private Governance: Creating Order in Economic and Social ...

inghouses also create order in markets and facilitate exchange. Private gover nance describes the various forms of private enforcement, self-governance, self-regulation, or informal mechanisms that private individuals, companies, or clubs (as opposed to government) I use to create order, facilitate exchange, I.

Private Governance: Creating Order in Economic and Social Life

Private Governance: Creating Order in Economic and Social Life Edward P. Stringham New York: Oxford University Press, 2015, 296 pp. There already exists a large and consistent literature about the virtues of private governance, a literature to which Edward Stringham himself has already contributed.

Private Governance: Creating Order in Economic and Social ...

If you ever doubted that private governance can create and sustain order in economic and social life, read Private Governance and doubt no more. The book is clearly written and jargon free. It is occasionally humorous, sometimes even acerbic. My only criticism of it is that there isn't more of it.

Private Governance: Creating Order in Economic and Social ...

The ideological foes of Edward Stringham's book Private Governance: Creating Order in Economic and Social Life are many. Principally, it is an argument against the "legal centrist" mentality, according to Stringham, the practitioners of which are bound to place the role of the state as central to private economic transactions and exchanges.

An Evaluation of Private Governance: Creating Order in ...

Quarterly Journal of Austrian Economics 19, no. 3 (Fall 2016): 297–301. [Private Governance: Creating Order in Economic and Social Life by Edward P. Stringham] Leave people alone, and they will figure things out. This simple thesis, the heart of Edward Stringham's Private Governance, is the touchstone for a myriad of examples from history and the present demonstrating that individuals, and not the state, are best suited for the complicated work of enterprise and ordered liberty.

Creating Order without the State | Mises Institute

Private governance is responsible for creating order not just in basic markets but also in the world's most sophisticated markets, including stock markets, futures markets, and electronic commerce.
