Pyrography Book For Beginners. (patterns & techniques) A complete guide on all you need to know about WOOD-BURNING at a glance. Pyrography can best be described as a craft, skill or technique which involves the use of a heated metal pen-like tool that is used to burn wood. That is while in some places it is still called wood burning till this day. But be that as it may, outside wood, pyrographic craft is still carried out in leather works, some go as far as engraving in stones and gourds, depending on choice of interest. The aim of this technique of wood burning is that after you must have used the pen-like tool on the wood, it leaves behind something like an engraved decorative pattern which is usually very attractive, fanciful and adorable. For beginners, it is not too advisable to just start engraving your creative skills or ideas on the wood just like that at a go, you might make some costly mistakes. Let that practice be for those who must have mastered the craft and not you who wants to begin. So it

It is advisable for you to start with using a trace pencil or inked writing pen to draw your proposed design on the wood to be engraved. However, some persons also use the graphite paper for tracing, to make this happen. This book which consists of five chapters is a complete guide on all you need to know, with some interesting topics discussed. They include: \*Introduction To Pyrography (Wood-Burning) \*Requirements For Starting Up The Craft Of Pyrography. \*Working With Caution. \*Getting Started. \*Rules On Pyrography Patterns/Patterning. Happy reading!
