Investigation 1: Making Sense of Symbols: Equivalent Expressions ACE #19 The expression represents the area of a rectangle.

### (Get Answer) - Say It With Symbols: Homework Examples from ...

In Say It With Symbols, students learn to use symbolic expressions to represent and reason about relationships. Students also manipulate symbolic expressions into equivalent forms to access new information. The emphasis is on using the properties of numbers and properties of equality to look at equivalent expressions and the information each expression represents.
