Scania is now offering five different performance steps of its most common engine, the inline six: 370, 410, 450, 500 and 540 hp (see chart below).The new 540 “The powerful 540 is mainly intended for customers and markets where legal aspects regarding front axle loads keep them from choosing a V8,” says Vlaskamp.

Scania adds a 540 hp version to its 13-litre engine range -

Engine speed The Scania tachometer is divided into different coloured sectors, as follows: 0-500 rpm red area: prohibited engine speed, passed through when stopping and starting. Page 27: Limp Home Mode If run for extended periods under an extremely light load, the engine may have difficulty in maintaining normal operating temperature. However, the temperature will rise to a normal level again ...
