Middle-grade adventure readers will love this fresh take on classic pirate tropes. Dean Seaborne is thrown off his ship by the Pirate King and given one last chance to redeem himself before he meets Davy Jones's locker. He has to spy on the Pirate King's biggest rival, Gentleman Jim Harper, and find the treasure hidden on the mysterious island of Zenhala. Once on Zenhala, Dean realizes the inhabitants of the island think he is the lost prince who went missing 13 years ago. In order to fulfill his mission for the Pirate King, Dean undergoes intense and fantastical trials to prove he is the lost prince. But the longer Dean stays on the island, the more he questions his mission.

Excerpt from Georges: Or the Isle of France Paws he lacks the talent, ' suggested some one. Tie J' said Dumas, well, perhaps you are right. I never thought of that.' About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books. Find more at www.forgottenbooks.com This book is a reproduction of an important historical work. “Powers writes action and adventure that Indiana Jones could only dream of.” –Washington Post “Tim Powers is a brilliant writer.”

–William Gibson The remarkable Tim Powers—who ingeniously married the John Le Carrè spy novel to the otherworldly in his critically acclaimed Declare—brings us pirate adventure with a dazzling difference. On Stranger Tides features Blackbeard, ghosts, voodoo, zombies, the fable Fountain of Youth...and more swashbuckling action than you could shake a cutlass at, as reluctant buccaneer John Shandy braves all manner of peril, natural and supernatural, to rescue his ensorcelled love. Nominated for the Locus and World Fantasy Awards, On Stranger Tides is the book that inspired the motion picture Pirates of the Caribbean: On Stranger Tides—non-stop, breathtaking fiction from the genius imagination that conceived Last Call, Expiration Date, and Three Days to Never.

One of TIME’s Ten Best Nonfiction Books of the Decade "Meet the new Stephen Hawking . . . The Order of Time is a dazzling book." --The Sunday Times From the bestselling author of Seven Brief Lessons on Physics, Reality Is Not What It Seems, and Helgoland, comes a concise, elegant exploration of time. Why do we remember the past and not the

future? What does it mean for time to "flow"? Do we exist in time or does time exist in us? In lyric, accessible prose, Carlo Rovelli invites us to consider questions about the nature of time that continue to puzzle physicists and philosophers alike. For most readers this is unfamiliar terrain. We all experience time, but the more scientists learn about it, the more mysterious it remains. We think of it as uniform and universal, moving steadily from past to future, measured by clocks. Rovelli tears down these assumptions one by one, revealing a strange universe where at the most fundamental level time disappears. He explains how the theory of quantum gravity attempts to understand and give meaning to the resulting extreme landscape of this timeless world. Weaving together ideas from philosophy, science and literature, he suggests that our perception of the flow of time depends on our perspective, better understood starting from the structure of our brain and emotions than from the physical universe. Already a bestseller in Italy, and written with the poetic vitality that made *Seven Brief Lessons on Physics* so appealing, *The Order of Time* offers a profoundly intelligent, culturally rich, novel appreciation of the mysteries of time.

A rollicking debut novel from award-winning playwright and screenwriter John Pielmeier reimagines the childhood of the much

maligned Captain Hook: his quest for buried treasure, his friendship with Peter Pan, and the story behind the swashbuckling world of Neverland. Long defamed as a vicious pirate, Captain James Cook (a.k.a. Hook) was in fact a dazzling wordsmith who left behind a vibrant, wildly entertaining, and entirely truthful memoir. His chronicle offers a counter narrative to the works of J.M. Barrie, a “dour Scotsman” whose spurious accounts got it all wrong. Now, award-winning playwright John Pielmeier is proud to present this crucial historic artifact in its entirety for the first time. Cook’s story begins in London, where he lives with his widowed mother. At thirteen, he runs away from home, but is kidnapped and pressed into naval service as an unlikely cabin boy. Soon he discovers a treasure map that leads to a mysterious archipelago called the “Never-Isles” from which there appears to be no escape. In the course of his adventures he meets the pirates Smee and Starkey, falls in love with the enchanting Tiger Lily, adopts an oddly affectionate crocodile, and befriends a charming boy named Peter—who teaches him to fly. He battles monsters, fights in mutinies, swims with mermaids, and eventually learns both the sad and terrible tale of his mother’s life and the true story of his father’s disappearance. Like Gregory Maguire’s *Wicked*, *Hook’s Tale* offers a radical new version of a classic story, bringing readers into a much richer, darker, and enchanting version of Neverland than ever before.

The characters that our hero meets—including the terrible Doctor Uriah Slinque and a little girl named Wendy—lead him to the most difficult decision of his life: whether to submit to the temptation of eternal youth, or to embrace the responsibilities of maturity and the inevitability of his own mortality. His choice, like his story, is not what you might expect.

Ever since its original 2013 release This book has been redone. The story left untouched, it has still been redone with a little extra added... This IS the 3 year anniversary edition... It has been three years since the original release of The Battle of Distant Times, three years since the Hunt began... The Darkness and Light have been in war for many years... The year is now 2031 and the Darkness of Time has returned and begun the end of time to destroy the Dreamkeepers throughout Time... This is JUST the beginning...

A NEW YORK TIMES BESTSELLER Lovable ne'er-do-well Delilah Dirk is an adventurer for the 19th century. She has traveled to Japan, Indonesia, France, and even the New World. Using the skills she's picked up on the way, Delilah's adventures continue as she plots to rob a rich and corrupt Sultan in Constantinople. With the aid of her flying boat and her newfound friend, Selim, she evades the Sultan's guards, leaves

The *Three Musketeers* meets Jules Verne in Curtis Craddock's *The Last Uncharted Sky*, the concluding novel in the critically-acclaimed high fantasy *Risen Kingdoms* series, an engrossing tale of courtly intrigue and breathtaking magic. Isabelle and Jean-Claude undertake an airship expedition to recover a fabled treasure and claim a hitherto undiscovered craton for l'Empire Celeste. But Isabelle, as a result from a previous attack that tried to subsume her body and soul, suffers from increasingly disturbing and disruptive hallucinations. Disasters are compounded when the ship is sabotaged by an enemy agent, and Jean-Claude is separated from the expedition. In a race against time, Isabelle must figure out how to ward off her ailment before it destroys her and reunite with Jean-Claude to seek the fabled treasure as ancient secrets and a royal conspiracy threaten to undo the entire realm. "A gripping tale of a woman who refuses to be defined by her

Bestselling author Astrid Scholte, returns with a thrilling adventure in which the dead can be revived...for a price. Seventeen-year-old Tempe was born into a world of water. When the Great Waves destroyed her planet five hundred years ago, its people had to learn to survive living on the water, but the ruins of the cities below still called. Tempe dives daily, scavenging the ruins of a bygone era, searching for anything of value to trade for Notes. It isn't food or clothing that she wants to buy, but her dead sister's life. For a price, the research facility on the island of Palindromena will revive the dearly departed for twenty-four hours before returning them to death. It isn't a heartfelt reunion that Tempe is after; she wants answers. Elysea died keeping a terrible secret, one that has ignited an

unquenchable fury in Tempe: Her beloved sister was responsible for the death of their parents. Tempe wants to know why. But once revived, Elysea has other plans. She doesn't want to spend her last day in a cold room accounting for a crime she insists she didn't commit. Elysea wants her freedom and one final glimpse at the life that was stolen from her. She persuades Tempe to break her out of the facility, and they embark on a dangerous journey to discover the truth about their parents' death and mend their broken bond. But they're pursued every step of the way by two Palindromena employees desperate to find them before Elysea's time is up--and before the secret behind the revival process and the true cost of restored life is revealed.
