Common problems of Smart Fortwo. The following chart shows the 22 most common problems for Smart Fortwo cars. The number one most common problem is related to the vehicle's engine and engine cooling (82 problems). The second most common problem is related to the vehicle's power train (60 problems).

Smart Fortwo - Car Problems, Statistics, and Analysis

The Smart Roadster was launched in 2003. This is a great little car for the money and performs like one that normally you would have to pay much more for. With its low weight and tiny turbocharged engine, you really do feel you are driving something far more powerful as you accelerate up to 62 mph in a little over 10 seconds.
