With a world of knowledge just a smart phone away, is there still such a thing as an original idea? When a young professor suspects a student of plagiarism, his inquiry sparks a chain of events affecting the lives of four people in very real terms. Drukman's beautifully drawn characters must navigate heartbreak, blind ambition, and the cutthroat competition that thrives within these ivy-covered walls. Extending beyond postmodern literature and academic rigors, this smart, funny, and engrossing play becomes a personal battle to decide what is right, what is wrong, and what must be done.
