Transmission Conversions | TREMEC Solutions & Kits ...

The Ford versions of the T-5 will adapt easily to the earlier Ford three- and four-speed manual bellhousings by an adapter plate which enlarges the metric mounting bosses to 1/2-inch diameter, and adds 3/4-inch in spacing. Installation of a T-5 into an earlier Ford product is fairly easy, because of the bellhousing similarities.

Mustang AOD To T5 Swap - LMR.com

The first T5 five-speed transmissions were originally manufactured by Borg Warner as early as 1982 and continued production has since been taken over by Tremec. Due to the abundance of availability and variety of interchangeable parts, the T5 is one of the most popular American-made standard transmissions among rodders today, following its predecessor - GM's four-speed Muncie.
