presents a plan that promotes health from the inside out, starting first with the mental blocks that are holding you back, progressing to the muscles on your body, and finally to the food on your plate. Rather than subtracting things from your life (cutting calories, losing weight, banishing your belly), here's how to add more of the RIGHT things: more muscle, more support, and more success.

Weeks 12-9: Cardio. Yes, there are a few genetic freaks out there who have such naturally high metabolisms that they do not need to utilize cardio as a fat-burning tool leading up to a competition. However, for the rest of us mere mortals, cardio is a necessary evil. That said, there should never be a need for excessive amounts, which will only serve to burn off lean muscle—a definite no-no!
