This book was the first I had read from Jason Myers, then I realized all of his books are the same.. drugs, sex, lies, scandal. It was entertaining, although some parts were so forced that it was obnoxious to read. Also, I feel like this book in particular tends to get lost in the details.

Amazon.com: Customer reviews: The Mission

Myers' prose was a little minimalist for my usual taste, but I thought it actually served the story well. It was a harsh, gritty book not fit for the squeamish that offered a stark look at the world of an addict and the consequences of being a part of that world.

Jason Myers is a pretty good author. Although this story is like super dark, its a good story, "the mission" was my favorite by Jason Myers. But its still a great book, and I can't wait to read his next one.
