~~Amazon.co.uk: toyota car key fob~~

Remote key head: This is the small remote that fits around the head of your Toyota car key. Smart Entry key: This Toyota-specific technology looks like a key fob, but it contains special wireless sensors. When you get close to the car, the sensors automatically unlock the doors. When you walk away, the sensors lock them. As long as you're carrying the key with you, it also allows you to start ...
